Scope Statement (Version 1)

Project Title: Clean Slate Project
Date: 10/6/2026 **Prepared by:** Jenna, Sarah, Immanuel, Brandon

Project Purpose & Justification:
To raise awareness of the cause and establish fundraising efforts to Virginia Tech students and community members of Montgomery County.

Project Scope Description:
We are aiming to raise awareness through social media by creating an account on Instagram that can be used long term, and doing percent nights and donation bins/jars in restaurant, local businesses, churches, etc. We intend to create a calendar for Laundry Love with events planned out for at least a year spanning out. This will allow a consistent effort to be allocated towards this cause in the long term.

Success Criteria: Raise $1,000 for Laundry Love NRV; host 2 fundraising events; secure 3 new business or church partners for percent nights or the hamper; reach 100 Instagram followers; publish the Blacksburg Living feature; and earn a 9/10 or higher rating on the sponsor evaluation.

Project User Acceptance Criteria: The sponsor will consider the project a success if the team hosts two fundraisers that bring in donations for Laundry Love NRV, sets up a social media presence that keeps bringing in donations, helps get the Blacksburg Living feature published to grow community awareness, and leaves behind a fundraising approach Laundry Love can repeat after the project ends.

Summary of Project Deliverables
Project management-related deliverables: Team contract, scope statement, communication management plan, meeting minutes, WBS, schedule, status reports, final project presentation, final project report, and lessons-learned report.
Product/Process-related deliverables:

1. Two fundraising events
2. Instagram page
3. Social media campaign with the Pure Charity
4. Blacksburg Living feature article with photos and the Laundry Love wish list
5. Long-term fundraising recommendations and a monthly event calendar

Sponsor/ Customer Acceptance – Jill Sible 10/16
