Project Charter – version 1.0
October 1, 2026

Project Title: Laundry Love NRV Fundraising & Outreach

Project Start Date: 09/13/2026 **Projected Finish Date:** 12/08/2026

Projected Budget Information: (If Applicable)
Non-recurring: printing flyers and promotional materials (est. $25–$50). Monthly recurring: none.

Project Manager: Sarah Veepujarla, sarahv05@vt.edu

Project Objectives/Goals:
1. Host two fundraising events, including a percent night on 11/12.
2. Launch an Instagram campaign with consistent posts and the Pure Charity QR code.
3. Support a Blacksburg Living feature and build a repeatable fundraising approach.

Constraints, Assumptions, Risks and Dependencies (when applicable)

Constraints: The project must be completed by early December. Partners have their own requirements, such as two-week setup windows and forms, and team members must balance class schedules.

Assumptions: Local businesses and churches will agree to host percent nights or the hamper, the sponsor will stay available for check-ins, and supporters will engage online and donate.

Risks and Dependencies: The biggest risks are businesses not responding about percent nights, low Instagram engagement, and inconsistent posting. Fundraisers depend on submitting tax-exemption documents and receiving partner approval.
